Report of Independent Auditor

To the Finance Committee
Ronald McDonald House Charities of Augusta, Inc.

We have audited the accompanying financial statements of Ronald McDonald House Charities of Augusta, Inc. (a nonprofit organization) (the "Organization"), which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of December 31, 2020 and 2019, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Ronald McDonald House Charities of Augusta, Inc. (the "Organization") is a Georgia nonprofit charitable corporation formed in 1984. The mission of Ronald McDonald House Charities is to create, find, and support programs that directly improve the health and well-being of children and their families. Collectively, Ronald McDonald House Charities, Inc. and the network of local Chapters ascribe to five core values: we are focused on the critical needs of children, we lead with compassion, we celebrate the diversity of our people and our programs, we value our heritage, and we operate with accountability and transparency.

We fulfill our mission through operation of sustainable programs that enable family-centered care, bridge access to quality health care, and are a vital part of the health care continuum and strengthen families during difficult times. The following program, operated by the Organization, represent the core functions of Ronald McDonald House Charities:

Ronald McDonald House

When children must travel long distances to access top medical care, accommodations and support for families can be expensive or not readily available. The Organization helps families stay close to their ill or injured child through the Ronald McDonald House program located in Augusta, Georgia, which provides temporary lodging, meals, and other support to children and their families. The program provides families with emotional and physical comfort and increases the caregivers' ability to spend more time with their child, to interact with their clinical care team, and to participate in critical medical care decisions.

Basis of Presentation

The financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and are presented on the basis of net assets without donor restrictions and net assets with donor restrictions. Net assets with donor restrictions are created only by donor-imposed restrictions on their use. When a restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions. All other net assets, including board-designated or appropriated amounts, are net assets without donor restrictions and are reported as part of the net assets without donor restriction class.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management of the Organization to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash equivalents include money market funds and all highly-liquid investments with a maturity date of less than three months from the date of purchase. The Organization's cash balances that are maintained in bank accounts may exceed Federal Deposit Insurance Corporation limits from time to time. As of December 31, 2020, the Organization had approximately \$96,000 in excess of the insured amounts.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions Receivable

Contributions receivable are unconditional promises to give. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Contributions receivable are written off when deemed uncollectible.

Investments

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the statements of financial position. Realized and unrealized gains and losses and income are included in the statements of activities.

The Organization maintains master investment accounts for its endowments with donor restrictions and board-designated endowments. Realized and unrealized gains and losses from securities in the master investment accounts are allocated monthly to the individual endowments based on the relationship of the fair value of each endowment to the total fair value of the master investment accounts, as adjusted for additions to or deductions from those accounts.

Investments Held by The Community Foundation

The Organization has funds invested that are held and managed by The Community Foundation for the Central Savannah River Area (the "Foundation"). The Foundation was incorporated in 1995 as a publicly supported 501(c)(3) nonprofit organization with its stated purpose to receive and accept property to be administered exclusively for charitable purposes. All funds held and managed by the Foundation are pooled together for investment management purposes. Participation in the Foundation is voluntary.

Property and Equipment

Property and equipment are stated at cost, if purchased, or estimated fair value, if donated, at the date of donation. Additions of \$1,000 or more are capitalized, while maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed as incurred. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets as follows:

Buildings and Improvements	30 - 40 Years
Office Furniture and Equipment	5 - 10 Years
Vehicles	5 Years

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impairment of Long-Lived Assets

The Organization evaluates its long-lived assets for any events or changes in circumstances which indicate the carrying amount of such assets may not be fully recoverable. The Organization evaluates the recoverability of long-lived assets by measuring the carrying amount of such assets against the estimated, undiscounted future cash flows associated with them. At the time such evaluation indicates the future, undiscounted cash flows of certain long-lived assets are not sufficient to recover the carrying value of such assets, the assets are adjusted to their fair values.

Donated Assets, Property and Equipment, and Services

Donated marketable securities, property and equipment, and other noncash donations are recorded as contributions at their fair values at the date of donation. Such donations are reported as increases in net assets without donor restrictions unless the donor has restricted the donated asset for a specific purpose. Assets donated with explicit restrictions regarding their use are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

Donated services are recognized as contributions if the services: (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. The Organization also receives donated services from other contributors and volunteers that are not measurable and, therefore, are excluded from the financial statements.

Net Assets

The Organization's net assets and changes therein are classified and reported as follows:

Without Donor Restrictions

Net assets that are not subject to donor-imposed restrictions or law. The governing board has designated, from net assets without donor restrictions, net assets for capital purchases or capital related debt payments.

With Donor Restrictions

Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Unconditional promises to give are recognized as revenue in the period the promise was made. Conditional promises are recorded as revenue when the conditions are substantially met. Contributions, grants, and bequests are recognized as net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Functional Expenses

The statements of functional expenses report certain categories of expenses that are attributable to one or more program or supporting functions of the Organization. Therefore, these expenses require allocation on a reasonable basis that is consistently applied.

Liquidity

The Organization's financial assets available for general expenditure that is, without donor or other restrictions limiting their use, within one year of the statements of financial position date are as follows:

	2020	2019
Cash and Cash Equivalents	\$ 466,601	\$ 240,148
Contributions Receivable, Net	14,343	56,150
	\$ 480,944	\$ 296,298

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing activities of management and general activities and fundraising to be general expenditures.

Income Tax Status

The Organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income, if any, from certain activities not directly related to the Organization's tax-exempt purpose is subject to taxation as unrelated business income. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

The Organization believes it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Paycheck Protection Program (“PPP”) Loan

The Organization has elected to use Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 958-605 *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* (contribution model), to record the loan received under the PPP. Under the contribution model, the PPP loan has been recognized as contributions without donor restrictions.

NOTE 2 CONTRIBUTIONS RECEIVABLE

Contributions receivable consist primarily of pledges as of the years ended December 31:

	2020	2019
Amounts Due In:		
Less than One Year	\$ 14,343	\$ 56,150
Total	14,343	56,150
Less: Unamortized Discount	-	-
Net Contributions Receivable	\$ 14,343	\$ 56,150

As all amounts are due in less than one year, no discount rate was considered necessary.

NOTE 3 FAIR VALUE MEASUREMENTS

In determining fair value, the Organization uses various valuation approaches within the fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability. A hierarchy for inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Levels within the hierarchy are based on the reliability of inputs as follows:

Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;

Level 2 – Valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets; and

Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models, and similar techniques not based on market, exchange, dealer, or broker-traded transactions.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Fair values for Level 1 investments are determined by reference to quoted market prices and other relevant information generated by market transactions. Fair value of Level 2 investments are determined by reference to quoted prices for similar assets in less active markets. The carrying amounts of all other assets and liabilities reflected in the statements of financial position for the Organization's financial instruments approximates their respective fair value due to the short-term maturities of those instruments. There have been no changes in valuation techniques and related inputs.

Investments

Overall Investment Objective

The overall investment objective of the Organization is to invest its assets in a prudent manner that will achieve a long-term rate of return sufficient to fund a portion of its annual operating activities and increase investment value after inflation. The Organization diversifies its investments among various asset classes incorporating multiple strategies and managers. Major investment decisions are authorized by the Board of Directors which oversees the Organization's investment program in accordance with established guidelines.

The fair value of the investments held by The Community Foundation is measured at net asset value. The Foundation is not registered with the Securities and Exchange Commission as an investment company and, therefore, there is no readily determinable market value for investments held by the pool. These amounts are managed and maintained by the Foundation on a pooled "mutual fund" accounting basis with total earnings, investment expenses, appreciation, and depreciation, whether realized or unrealized, being allocated to the Organization on a pro rata basis. Additional information on the Foundation's investment pool is disclosed in the audited financial statements of the Foundation for the Central Savannah River Area, which can be requested from the Foundation's management at 1450 Greene Street, Suite 228, Augusta, GA 30901.

The composition of investment income on the Organization's investment portfolio for the years ended December 31, 2020 and 2019 are as follows:

	2020	2019
Interest and Dividend Income	\$ 10,644	\$ 9,918

NOTE 6 ENDOWMENT FUNDS

The Organization's endowment consists of one individual fund established by donors to provide annual funding for specific activities and general operations. The Endowment also includes certain net assets without donor restrictions that have been designated for endowment by the Board of Directors.

Absent explicit donor stipulations to the contrary, the Board of Directors of the Organization has interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds. As a result of this interpretation, the Organization classifies as net assets with donor restrictions (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. In accordance with the standard of prudence prescribed by UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the various funds
- (2) The purposes of the donor-restricted endowment funds
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Organization
- (7) The Organization's investment policies

Investment Return Objectives, Risk Parameters, and Strategies – The Organization has adopted investment and spending policies, approved by the Board of Directors, for endowment assets. Those policies attempt to provide a predictable stream of funding to programs supported by its endowment funds while also maintaining the purchasing power of those endowment assets over the long-term. Accordingly, the investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable levels of risk. Endowment assets are invested in a well-diversified asset mix, which includes equity and debt securities, that is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make an annual distribution of 5%, while growing the funds if possible. The Organization expects its endowment assets, over time, to produce an average rate of return of approximately 8% annually. Actual returns in any given year may vary from this amount. Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to prevent exposing the fund to unacceptable levels of risk.

NOTE 6 ENDOWMENT FUNDS (CONTINUED)

Spending Policy – Spending is approved by the Board of Directors and in accordance with the donor agreement. The spending policy of the Organization utilizes a total return policy that incorporates a designated percentage of the value of the corpus that will be available for expenditure annually. Expendable funds are determined on the basis of a total return policy and do not depend upon income generated through interest or dividends. The funds available for distribution during any one fiscal year are limited to a percentage of the three-year rolling average of the market value of the corpus, net of fees, with measures taken at the end of each of the 12 preceding quarters. The percentage of the three-year average value of the corpus made available for expenditures is limited to a maximum of 5%. This is consistent with the Organization’s objective to maintain the purchasing power of the endowment assets as well as to provide additional real growth through new gifts and investment return.

Changes in endowment net assets and net assets by type of fund were as follows for the fiscal year ended December 31, 2020:

	Without Donor Restrictions	With Donor Restrictions	Total
	<u> </u>	<u> </u>	<u> </u>

NOTE 12 TRANSACTIONS WITH RELATED ENTITIES

Ronald McDonald House Charities, Inc. is a system of independent, separately registered public benefit organizations, referred to as “Chapters” within the global organization. The Organization is an independent operating Chapter within the RMHC system. Each Chapter is licensed by McDonald’s Corporation and Ronald McDonald House Charities, Inc. to use RMHC related trademarks in conjunction with fundraising activities and the operation of its programs. The License Agreement also sets standards of operations for programs, governance, finance, branding, and reporting.

Ronald McDonald House Charities, Inc. (“RMHC Global”), a separately registered nonprofit organization, ensures delivery of the mission across the globe. As a center of excellence, RMHC Global builds and sustains a robust infrastructure of support to the network of Chapters, including operations, licensing and compliance, finance, risk management, communications, marketing, and development. The Organization receives 75% of net revenues from all national fundraising efforts facilitated by RMHC Global, as defined by the license agreement. During the years ended December 31, 2020 and 2019, the Organization received \$106,520 and \$41,282, respectively, from these revenue streams.

During the years ended December 31, 2020 and 2019, the Organization had note payable with a financial institution of which a board member is a key employee. The terms of the note payable are described in Note 5.

NOTE 13 CONCENTRATIONS

As of December 31, 2020, contributions receivable from two donors totaled \$13,843, which represents 97% of net contributions receivable. As of December 31, 2019, contributions receivable from a single donor totaled \$54,900, which represents 98% of net contributions receivable.

NOTE 14 CONTINGENCIES AND UNCERTAINTIES

COVID-19 Pandemic

On January 30, 2020, the World Health Organization declared the coronavirus “COVID-19” outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of COVID-19 include restrictions on travel, quarantines, or “stay-at-home” restrictions in certain areas and forced closures for certain types of public places and businesses. COVID-19 and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets globally, including the geographical areas in which the Organization operates.

While it is unknown how long these conditions will last and what the complete financial impact will be, the Organization is closely monitoring the impact of the COVID-19 pandemic on all aspects of the operations and are unable at this time to predict the continued impact COVID-19 will have on their business, financial position, and operating results in future periods due to numerous uncertainties.

PPP Loan

The Organization received a loan under the Paycheck Protection Program (“PPP Loan”) for an amount of \$90,910, which was established under the Coronavirus Aid, Relief and Economic Security (“CARES”) Act and administered by the Small Business Administration (“SBA”). The application for the PPP Loan requires the Organization to, in good faith, certify that the current economic uncertainty made the loan request necessary to support the ongoing operation of the Organization. This certification further requires the Organization to take into account our current business activity and our ability to access other sources of liquidity sufficient to support the ongoing operations in a manner that is not significantly detrimental to the business. The receipt of the funds from the PPP Loan and the forgiveness of the PPP Loan is dependent on the Organization having initially qualified for the PPP Loan and qualifying for the forgiveness of such PPP Loan based on funds being used for certain expenditures such as payroll costs and rent, as required by the terms of the PPP Loan.

The loan is accounted for under ASC 958-605 *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*, due to management’s determination that sufficient qualifying costs and expenses necessary to qualify for forgiveness have been incurred as of December 31, 2020. As such, the full amount of the loan has been recorded into contributions without donor restrictions on the statement of activities, as permissible pursuant to the accounting standard selected above. Subsequent to December 31, 2020, the SBA forgave the loan in full.

NOTE 15 CHANGE IN ACCOUNTING PRINCIPLE

FASB issued Accounting Standards Update (“ASU”) 2014-09, *Revenue from Contracts with Customers*. This standard, along with all subsequent amendments to the ASU (collectively, “ASC 606”), creates a single framework for recognizing revenue from contracts with customers that fall within its scope of exchange transactions. The Organization has adopted this standard during the year ended December 31, 2020. There were no significant impacts to the financial statements and underlying accounting as a result of this implementation, which has been applied retrospectively to the 2020 and 2019 financial statements.

NOTE 16 RECENT ACCOUNTING PRONOUNCEMENTS

Leases

In February 2016, FASB issued amended guidance for the treatment of leases. The guidance requires lessees to recognize a right-of-use asset and a corresponding lease liability for all operating and finance leases with lease terms greater than one year. The guidance also requires both qualitative and quantitative disclosures regarding the nature of the Organization’s leasing activities. The guidance will initially be applied using a modified retrospective approach. The amendments in the guidance will be effective for the year ending December 31, 2022. Early adoption is permitted. Management is evaluating the impact of the amended lease guidance on the Organization’s financial statements.

Contributed Nonfinancial Assets

In September 2020, FASB issued amended guidance for the treatment of contributed nonfinancial assets for not-for-profit (“NFP”) entities. The guidance requires NFP entities to present contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash and other financial assets. The guidance also requires new disclosures regarding the inputs for measurement. The guidance will initially be applied using a retrospective approach. The amendments in the guidance will be effective for the year ending December 31, 2022. Early adoption is permitted. Management is evaluating the impact of the guidance on the Organization’s financial statements.

NOTE 17 SUBSEQUENT EVENTS

Management evaluated subsequent events through September 3, 2021, the date the financial statements were available to be issued. There were no material subsequent events, other than those disclosed in Note 14, which required recognition or additional disclosure in the financial statements.
